- (b) The Communications Clerk is normally responsible for carrying out external communications.

 - i. Respect the authority and responsibility of the Town Council, whose members are entitled to learn about proposed policy initiatives, or major new services, programs or initiative before information about them is released to the general public or the media.
 - ii. Consult with the CAO when preparing information campaigns or strategies, or when preparing a response to a media inquiry.

2) Social Media use by Council Members

Council recognizes the importance of social media as an additional communication tool for the purpose of sharing information and encouraging dialogue with the public. Council Members engaging in social media should follow the same principles and guidelines as engaging in traditional forms of communication - by using sound judgment and common sense and by adhering to Council's values (stated in the Strategic Plan) and the Code of Conduct for Municipal Councillors Policy. Council Members should also abide by the following guidelines when using Social Media:

(a) Voice of Council

TOWN POLICY

TITLE: Council Communications Policy

POLICY NUMBER: C-15-4

- i. Since Council Members are perceived to represent the will and opinions of Council when speaking in any public forum, Council members are strongly encouraged not to submit posts to social media that are not reflective of, or which contradict, the will or position of Council on a given matter.
- ii. If a Council Member does choose to post something which may not be reflective of the position of Council as a whole, they will include a disclaimer to ensure readers understand that the Member is speaking from their perspective only. An example of a disclaimer — “This is my personal opinion only and does not necessarily reflect the will of Council as a whole.”
- iii. If there is the potential that a post may pose a risk or compromise the professional integrity of the poster, Council, or that of the Town, the Council Member should check with other members of Council and/or the CAO. Information that is published online becomes part of a permanent record; there is no taking it back. Although a posting becomes a permanent record, any requests will not be deemed as official correspondence.

(b) Maintain Confidentiality & Privacy

- i. Council Members will not post information discussed during closed or in-camera sessions of Council, private or confidential information about members of Council or Town employees, or information or situations involving named or pictured individuals without their permission. Do not post anything that you would not present in a public forum.

(c) Ensure Accuracy

- i. Members of Council have an obligation to ensure their posts are accurate and not misleading.
- ii. Council Members should refrain from cutting and pasting emails from staff or others into posts without clear context and permissions as these are written for a specific audience for a specific purpose.

(d) Self-Monitoring for Personal Sites

- i. Site maintenance is recommended to ensure content remains current and accurate. Static sites quickly fall into disuse and pose a risk with outdated information.
- ii. Post “Terms of Use” on your personal site that reflect how you as a member of Council will deal with abusive, hateful, defamatory, anonymous, profane or otherwise inappropriate comments or content, including information that may jeopardize the privacy of others or harm or jeopardize the reputation of the Town, Council, or Administration.

- i. No member of Council will create, operate or manage any website or social media site on behalf of the Town without prior written authorization by the CAO.
- ii. Each site that is created or operated on behalf of the Town shall clearly identify that the site is operated on behalf of the Town as well as identify the person or contact responsible for site management.

(f) Emergency Communications

- i. During emergency situations (ie. pandemic, state of emergency, etc.) Social Media may be used by Councillors as a platform to share information and updates previously released by the Province or respective Emergency Management Agency. When sharing emergency messaging or information, no other messaging, information, or Council matters may be blended with the emergency messaging.

3) Council Letter to Citizens

As it is the policy of the Town of Cardston to inform citizens about the Town's policies, programs, services and initiatives through communication that is timely, accurate and consistent, the Council deems it appropriate to implement a *Council Letter to Citizens*.

In order to ensure that the Council Letter to Citizens (the letter) is prepared and sent out in an orderly and timely fashion, the following guidelines have been set:

- (a) From time to time, or when needed, Council may prepare a letter to citizens.
- (b) The Mayor, or any volunteer from Council may be the writer of the letter. The assigned writer will:
 - i. Have their audience (tax payers and voters) in mind when writing.
 - ii. Remember that their writing becomes a public document that can be cited in court.
 - iii. Base their writing on the values agreed upon by Council.
 - iv. Represent a unified view with a personal professional style of writing. The writing represents the collective view of Council (re: content, use of the royal 'we') which is reflected in the signature: "Submitted by _____ on behalf of Mayor and Council."
- (c) The writer will submit the draft letter to all members of Council and the CAO for initial feedback.
 - i. The writer will send the final draft of the letter to the CAO after receiving feedback.
 1. After reasonable attempts have been made to contact each member of Council, if any Councillors have not responded or provided feedback within 24 hours it will be assumed they consent to the letter as drafted.
 - ii. Following a check by Administration for format, grammar, syntax and fact, the letter will then be submitted for inclusion in the next issue of the local
